Seha Gulnar-Dalay   FULL STACK WEB DEVELOPER

sehagulnar@gmail.com   GitHub
540-998-7342   Linkedin

Summary

A full stack developer candidate skilled in writing clean, testable code. Excited to grow and evolve with the world, and to work in a collaborative environment. Seeking work where my proficiency in mobile-first responsive design and test-driven development as well as my experience with modern tooling will help any team while also allowing me the ability to learn from my peers.

Skills

Frontend :   React.js, Redux, JavaScript ES6, jQuery, HTML5, CSS3
Backend :   Node.js, Express.js / REST API, MongoDB / Mongoose, PostreSQL / KNEX.js, Passport, mLab
Workflow :   Git, Heroku, NPM, Slack, Netlify, Jira Agile Board
Testing :   Chrome Dev Tools, Travis CI, Mocha, Chai, Enzyme, Jest, Postman
Languages :   Turkish (Native), English (Professional working proficiency)

Projects

TripWe: **Tech Stack**

A full stack app that helps to organize trips and solves the messy problem of planning a group trip. The app enables users to add friends to trips, compare flight and hotel information, and plan activities. My contributions were mostly front end.
- Built with: React with Redux, Node, Express, PostgreSQL/KNEX.js, Jira Agile Board, and Heroku
- Live App: https://tripwe.herokuapp.com/dashboard
- Client Code: https://github.com/thinkful-ei19/tripwe-client
- Server Code: https://github.com/thinkful-ei19/tripwe-server

Cookese: **Tech Stack**

Cookese app utilizes a spaced repetition algorithm designed to adapt to users learning needs. I worked on both client and server side.
- Built with: React with Redux, Node, Express, MongoDB with Mongoose, Netlify, and Heroku..
- Live App: https://ecstatic-hamilton-0a8f06.netlify.com
- Client Code: https://github.com/thinkful-ei19/Sarah-Seha-Spaced-Repitition-App-Client
- Server Code: https://github.com/thinkful-ei19/Sarah-Seha-Spaced-Repitition-App -Server

Share Your Yummies: **Tech Stack**

A full-stack recipe sharing app enables user to create a recipe, add own recipe picture, search and view saved recipes. This app was solo work.
- Built with React/Redux Node.js, MongoDB, Express, Mocha,Chai, Heroku, Netlify and Heroku.
- Live App: https://elastic-brown-9b73b0.netlify.com
- Client Code: https://github.com/thinkful-ei19/seha-recipes-client
- Server Code: https://github.com/thinkful-ei19/seha-recipes-server

Experience

Bilingual Account Manager-International Collections, New England Cord Blood Bank   March 2014 – October 2014

- Manage, monitor and review balances of international customer accounts
- Analyze and resolve discrepancies in customer accounts
- Develop, maintain and enhance strong customer relations through personal interactions
- Set up and monitor follow up process

Commercial Banking Specialist, ICBC Turkey (Tekstilbank)   September 2007- February 2009

- Experienced a full range of business banking services to customers with an emphasis on business products and actively cross-sold additional business products such as loans and cash management products.
- Acted as liaison between the bank and commercial loan customers.
- Prepared financial reports and made financial analysis of commercial firms.

Education

Full Stack Flex / Engineering Immersion   THINKFUL,2018

- Learned industry best practices and practical software development standards with a focus on HTML5, CSS3, JavaScript, jQuery, Node.js, React, Redux, and algorithms & data structures.
- Created and deployed mobile-first applications while learning new languages and frameworks through peer-programming and solo projects

MBA   Radford University, 2013
GPA: 3.53 / 4.0

Economics, BA   Bilkent University, 2007
